ABSTRACT

This directory is divided into four major sections. The first section, "General Information About California Community Colleges," presents information concerning costs, admission procedures, and special student services. Section II, "Program Location Charts," is designed to help those interested in finding the names of those colleges which offer a specific program. The programs are grouped into the following major subject categories: Agriculture, Business and Office, Communications, Criminal Justice, Electrical-Electronics, Engineering Technology, Environmental and Natural Resources, Health Services, Home Economics and Food Services, Mid-Management and Supervision, Science and Laboratory Occupations, Service Occupations, and Trade and Industries. Section III, "Occupational Programs and Specific Information About Each College," presents a data sheet on each college listing all of the occupational programs that the college offers and the types of programs they are (i.e., Associate Degree, Certificate Program, Day Classes Only, Evening Classes Only, or Both Day and Evening Classes), along with additional college information. Section IV presents a detailed "Index to College Programs." (Author/DC)

Previous editions of this Directory have been evaluated by students and counselors as a most effective and convenient source of information about Occupational Programs in California Community Colleges. We hope that this current edition will continue to assist in selecting the Community College and Occupational Programs most appropriate to the students' needs.

Sidney W. Brossman
Chancellor

The 103 public Community Colleges in California offer over 3,800 different Occupational Programs. This 1976 revision of the Directory has been prepared so that up-to-date information on this wide variety of career opportunities is available to all educators and others in California.

SECTION I

General Information--
California Community Colleges

Information concerning costs, admission procedures, and special services available.

ORGANIZATION OF THIS DIRECTORY

Select the type of information desired from the four major sections of the Directory.

SECTION I — General Information--California Community Colleges

Information concerning costs, admission procedures, and special services available.

Section II — Program Location Charts

Find the names of the colleges that offer a specific program. For example: What colleges offer a Medical Assisting Program?

Section III — Occupational Programs and Specific Information about each College

Data sheet on each college listing all of the Occupational Programs that the college offers, including the type of program. Also includes the size of the college, what programs it offers, and whether the programs are Day or Evening; Certificate or Associate Degree.

Section IV — Index to College Programs

Page numbers for specific programs listed on the charts.

SECTION I

GENERAL INFORMATION ABOUT CALIFORNIA COMMUNITY COLLEGES

There are 103 California Community Colleges as well as many separate campuses within a particular college boundary/district. The Community College has three purposes:

1. Occupational Education Programs (including upgrading courses for employed adults).
2. General Education Courses.
3. Transfer Programs to State Universities and Colleges, and the University of California.

ADMISSION REQUIREMENTS

To be admitted to a California Community College, one must complete the registration procedures established by that college and meet one of the following qualifications:

1. Have a high school diploma or the equivalent.
2. Be 18 years of age, or older, and able to profit by instruction.
3. Be a registered apprentice 16 years of age, or older.

TUITION

For California Residents -

None for residents who take 10 or more class hours per week.
None for minors who are residents--regardless of the number of units taken.

For Nonresidents -

Each college must set tuition at the current cost of instruction and charge this amount to all nonresident students taking over six units;
Foreign students are charged at the same rate as nonresidents unless all or part is exempted by the college.

COSTS

See tuition costs.
Students pay for textbooks and student body card. Some colleges also charge fees for laboratory, materials, health services, and parking. Approximate total costs (for non-tuition students) will run from $100 to $400 per year.

Write to the college of your choice for exact costs.

FOREIGN STUDENTS

Foreign students may be admitted.
Tuition may be charged (see tuition).
Certificate of Eligibility for Student Visa is issued by the college admitting the student. Student must enroll in at least 12 semester credit units.

SPECIAL STUDENT SERVICES

Thirteen California Community Colleges maintain dormitories. These colleges are:

1. Bakersfield College
2. Feather River College
3. Lassen College
4. Porterville College
5. College of the Redwoods
6. Reedley College
7. Santa Rosa Junior College
8. Shasta College
9. Sierra College
10. College of the Siskiyous
11. Taft College
12. West Hills College
13. Yuba College

See the data sheet for that college (Section III) for details.

All colleges provide:

1. Lists of housing available in the community.
2. Information and assistance on loans and scholarships.
3. Educational and personal counseling.
4. Assistance in obtaining employment.
5. Special advice and assistance to veterans.

Many colleges provide tutoring services for students needing special help.

LENGTH OF PROGRAMS

Programs vary from one semester (or quarter) to two years. Some colleges are on the Semester System--others are on the Quarter System.

Semesters begin in September and February.

Quarters begin in September, January, and April.

Many programs are available in the evening and Saturdays and therefore may require a longer period of time to acquire a Certificate or Degree.

Almost all colleges offer Summer Sessions (from 4 to 12 weeks).

HOW TO APPLY

It is important to apply at least 3 months before classes start--preferably sooner.

Write to the college Office of Admissions and Records for an application for admission.

Immediately after applying for admission, request in writing from all the high schools and colleges you have attended that transcripts of your records be sent to the college to which you are applying.

Most colleges require placement tests. These are not tests for admission, but are only to help you and the counselors select the best course of study for you.

OUT OF DISTRICT PERMITS

If you live in California, you are most likely a resident of some Community College District.

You will not be accepted by a California Community College outside your district unless you have an Out of District Permit from your local college.

Contact the Registrar of your local Community College for information.

SECTION II

Program Location Charts

Find the names of the colleges that offer a specific program. For example: What colleges offer a Medical Assisting Program?

CLASSIFICATION OF PROGRAMS IN SECTION II

All of the programs offered in California Community Colleges are shown on the charts. The programs are divided into the following categories:

	Pages
AGRICULTURE	10-11
BUSINESS AND OFFICE	12-15
COMMUNICATIONS	16-17
CRIMINAL JUSTICE	18-19
ELECTRICAL-ELECTRONICS	20-21
ENGINEERING TECHNOLOGY	22-25
ENVIRONMENTAL AND NATURAL RESOURCES	26-27
HEALTH SERVICES	28-29
HOME ECONOMICS AND FOOD SERVICES	30-31
MID-MANAGEMENT AND SUPERVISION	32-33
SCIENCE AND LABORATORY OCCUPATIONS	34-35
SERVICE OCCUPATIONS	36-37
TRADE AND INDUSTRIES	38-41

(See the Index, page 162, for the listing of specific program names.)

APPRENTICESHIP--Evening classes are offered in many Community Colleges which are designed for persons employed as indentured apprentices in the construction trades and other apprenticeable trades. These classes offer instruction in the theory, application, and skills which the apprentice needs as a supplement to his on-the-job instruction.

Apprenticeship classes are not included in Sections II and III.
